25X1 7. [ ] Mr. Jay Sourwine, Chief Counsel,  
Senate Special Subcommittee on Internal Security, in the name of Senator  
Eastland, called to confirm whether a former employee, one [ ]  
25X1 or [ ], had left the Agency in good standing. Later in the  
25X1 day, based upon information supplied by [ ] Personnel, and Mr.  
[ ] in the Office of Security, I advised Mr. Sourwine that we had no  
record that an individual by this name had been employed by or associated with  
us in the past.

25X1 8. [ ] Miss Carolyn Manuel, in the office of Senator  
Abraham Ribicoff (D., Conn.), called on behalf of a high school constituent  
writing a paper on the Central Intelligence Agency. An Agency pamphlet will  
be sent to Miss Manuel for forwarding to the constituent.

25X1 9. [ ] Met with Representative F. Edward Hebert  
(D., La.), who advised that he had not met with his informant over the week-  
end concerning the reported former CIA man who had testified before the  
Grand Jury in the Garrison investigations. He does, however, plan to meet  
with the individual who had told him of the incident next weekend. Mr. Hebert  
noted that although there had been a little flurry in the local press in New Iberia  
connecting the project matter to us, it seems to have died down and no  
real local interest was generated. Mr. Hebert also expressed his regret at  
having missed the Director's appearance on Monday, but indicated that he was  
advised that it was a most worthwhile session.

25X1 10. [ ] Returned to the Special Subcommittee on National  
Defense Posture the transcript of the Director's appearance on Monday,  
October 9. To be returned later in the day or tomorrow is a Committee copy  
of the briefing notes.
